## Marin Population Pegged At 141,162 By County Clerk

Marin's population is 141,162, according to an informed estimate made today by County Clerk George S. Jones, who modestly admitted his estimates have been 100 per cent accurate when compared to periodic population counts.

His system is to multiply the number of registered voters by 2.5. Using the number of registered voters as of April 15, the county clerk estimates there are 78,342 persons living in Marin's nine cities and another 62,820 persons in the unincorporated areas of the county.

Jones offered the figures during a heated discussion by the county board of supervisors on who should benefit most from county government: the city dwellers or the others.

Supervisor William D. Fusselman earlier had elicited from the county auditor the fact that 55 per cent of Marin's assessed valuation is found within the cities.

## 3,000 Attend Holy Ghost Fete In Novato

A throng estimated at 3,000 persons jammed Novato's IDESI Hall for the annual Holy Ghost Festival presented by the Novato IDESI Portuguese Lodge.

In attendance were members of Portuguese lodges from all parts of Northern California.

The festival started in the traditional fashion, with a parade up Novato's Grant avenue to Our Lady of Loretto Church where a special high mass was recited and Diana Cordova of Lakeville was crowned festival queen.

### TRADITIONAL FEAST

The celebrants then returned to the IDESI Hall for the traditional feast of sopa and carne. An auction of donated items followed, and then the guests danced until after midnight to the music of Larry Cabral and his orchestra.

The affair was a complete success, according to A. P. Nunes, past president of the Novato Lodge.

### ROYAL COURT

Queen Diana was attended by Regina and Mary Ann Nunes of Santa Rosa. Pages were Marie Nunes of Novato, Lorraine Pimentel of Ignacio, Oscar and James Pacheco of Petaluma, Nancy Brazil of Novato and Kenet Caletti of Petaluma.

Reigning as "little queen" was May Jean Raposo of Petaluma, attended by Patsy Bettencourt of Petaluma and Carol Ann Silva of San Rafael.

## Burglars Get Sentenced To State Prison

Two San Francisco ex-convicts, caught on the roof of Shoreline Market with pistols last March, must spend five years to life in state prison for first degree burglary.

Judge Jordan L. Martinelli sentenced Richard Evan Gibbs, 29, and Henry Keofil Kot, 29, this afternoon. The third burglar, Charles George Hendricks Jr., 26, will be sentenced on June 15 after the judge gets a report from the probation office.

The men admitted trying to burglarize the market last March 2. They were caught in the act by Sheriff's Deputy Fredrick Marcus, who called for reinforcements. Officers surrounded the place with shotguns ready, and the trio gave up on the roof. Pistols were found in the drain pipe on the roof.

## Five More Voodoos Arrive At Hamilton

Five more F101 Voodoo supersonic aircraft arrived at Hamilton Air Force Base late yesterday to equip Hamilton's 84th Fighter-Interceptor Squadron.

The new arrivals brought the 84th's number of Voodoos to six, a single F101 having arrived at the base April 22.

The Voodoos are replacing the non-supersonic F89 Scorpion as standard equipment of the 84th.

## DEER GALLOP ALONG STREETS OF SAN RAFAEL

Deer were making race-tracks out of San Rafael streets today.

Philip Haring of 95 Suffolk avenue, San Anselmo, reported that about 7 a.m. he saw a tired doe running west along the north side of Fifth avenue with an equally tired brindle dog about 100 yards behind.

And at 11 a.m., Capt. Joseph Brusatori of the San Rafael Police Department and radio KTIM news editor Karl Barron, in the KTIM "courtesy patrol car," spotted a doe galloping through heavy traffic on Third street near the Greyhound bus terminal. They followed the frightened animal up Mary street to Mission avenue, then on Union street to Belle avenue, where she finally turned up an alleyway and headed for Black canyon.

## Marin Driver Subdued After Speed Chase

A Mill Valley bartender, who said he works at Bimbo's 365 Club in San Francisco, is scheduled to appear in Marin Municipal Court tomorrow to face charges of drunken driving, resisting arrest and driving with a license which expired in 1957.

Emil Andrew Peterson, 37, of 711 Alta Vista road, was handcuffed in front of his home after a 60-mile-per-hour chase over Shoreline Highway Friday night.

Sheriff's Deputies James Baird and Edward Klementovich said they had to club Peterson over the head with a nightstick and wrestle him to the ground before they could arrest him. Peterson was freed Saturday on \$768 bail.

Deputy Baird spotted Peterson's car westbound on Shoreline about 10:15 p.m. Friday. Baird said the car was going more than 60 miles per hour and narrowly missed an oncoming car. The officer gave chase with red lights and siren blaring, but Peterson made it into his driveway on Alta Vista.

When Peterson objected to being arrested, the two deputies held him by each arm, but Peterson "fought like a madman," said Baird.

Peterson was taken to Marin General Hospital for examination of night stick wounds, then booked in county jail.

## Hub City Hottest Spot In County

San Anselmo again was the hottest spot in Marin yesterday with 90-degree weather.

Mill Valley reported 88 degrees, San Rafael 87, Novato 86, Woodacre 84 and Tiburon 81. Bolinas was the coolest spot with 70 degrees.

Shortly before noon today, highest temperatures were 84 degrees at San Anselmo and Novato. And Bolinas was cool with 64.

## Teen Gang Beats 3 Airmen At Drive-In; Five Arrested

Three airmen kept a midnight date at a North Marin drive-in Saturday and took a beating for it.

One of them, Airman Alvin Harrell, was found lying unconscious between two parked cars when sheriff's deputies and highway patrolmen arrived at Burge's Drive-In in Ignacio with screaming sirens shortly after midnight, to send a fist-swinging gang of juveniles fleeing in automobiles.

Still on their feet, but thoroughly "worked over," were Harrell's companions, Airmen Leonard Terry and Joseph Parra. All are from the 43rd Communications Squadron at Hamilton Air Force Base. All are Negroes.

Officers nabbed five juveniles from the Tiburon Peninsula, aged 15 through 17, and booked them on charges of violating the curfew. Others

of the 20 to 30 the airmen said were in the gang escaped.

Harrell told officers the trouble started about 11 a.m. as he and his two companions were stopped at the drive-in on Highway 101 for coffee.

Youths in another parked car began shouting insulting remarks, Harrell said. Enraged, Harrell strode over to their car, kicked a dent in a door and drove his fist through a window.

"If you want to make something of it, we'll be back at midnight," he said.

The trio returned at midnight. Waiting for them, they said, were 20 to 30 teen-agers, who leaped from parked cars as soon as the airmen arrived.

Fists began flying at once. A drive-in attendant called the sheriff's office. The riot call went out.

The airmen said they did not wish to press charges against the youths, and could not identify them.

Harrell, Terry and Parra were treated at the Hamilton Air Force Base Dispensary for their injuries.

## New Group Backs Council On Sandspit

Sausalito citizens supporting the city council majority's approval of commercial use of the sandspit have organized as the Sausalito Property Owners and Taxpayers Assn., according to Russell S. Reagan of 1 Edwards avenue.

Reagan said the group has been formed "for the principal purpose of keeping our city tax rate at a reasonable level consistent with good government and orderly growth."

Reagan, a San Francisco insurance executive, has been outspoken against efforts to block approval of plans for commercial use of the area.

A temporary executive committee has been formed consisting of John Ostrowski, Russell Papenhausen, Fred Perry Jr., Alan H. Scurfield and Fred D. Turner.

Reagan said another meeting will be held in about two weeks to set up bylaws.

# West Wins First Round At Geneva

## Russ Fail To Seat E. Germany

GENEVA (UPI)—A Soviet demand that East Germany be seated as a full member of the Foreign Ministers Conference delayed the conference start by two and a half hours today. Russia withdrew the demand in the face of stonewall Western opposition. The meeting eventually opened at 6 p.m. (10 a.m. PDT).

It was agreed that both East and West German delegations would be admitted as "advisers." They will henceforth sit at two small tables close to the big one at which the U.S., British, French and Soviet foreign ministers themselves will be seated.

### MEET AT VILLA

The agreement was worked out at a meeting this afternoon between the western foreign ministers and Soviet Foreign Minister Andrei Gromyko. They met at the Villa of British Foreign Secretary Selwyn Lloyd.

Thus, the parley called to deal with the problems of Berlin and Germany started off with an initial western victory.

Gromyko started the wrangle yesterday when he announced the demand that East Germany be admitted as a full and equal member of the conference.

### DEMAND REJECTED

The West promptly rejected the demand, maintaining its position that it would be willing for East and West Germany to have "advisers" present in the conference room of the Palais des Nations. The West does not recognize East Germany as a legitimate regime and has shown no inclination of being pressured into recognition here.

Secretary of State Christian A. Herter, Lloyd and French Foreign Minister Maurice Couve de Murville held emergency talks. Then they sent Lloyd off to try to change Gromyko's mind.

### He got nowhere.

### DEADLINE PASSES

At noon today, Lloyd saw Gromyko again and gave him two hours to reconsider. The 2 p.m. (6 a.m. PDT) deadline passed without a break.

This, U.S. Asst. Secretary of State Andrew Berding announced, meant the scheduled 3:30 p.m. (7:30 a.m. PDT) opening could not take place.

After Lloyd presented Gromyko with the West's final "no" on the East German representation question, the four foreign ministers attended a formal lunch given by the Swiss government.

Following the lunch, the four gathered at Lloyd's villa for more informal talks. It was during this period that Gromyko gave in and agreement was reached to get the conference under way.

Gromyko himself announced after this meeting that "complete agreement" had been reached.

Berding, acting as chief U.S. delegation spokesman to the press, confirmed the agreement. He said the two German delegations would have the right to speak—something to which the West had objected earlier.

But, Berding said, they will have to address themselves to the chairman, who will ask if there are any objections to their speaking.

## Dulles Condition Still Unchanged

WASHINGTON (AP)—No change was reported today in the condition of John Foster Dulles, weakened by pneumonia in his fight against cancer.

## U. S. EMPLOYMENT HITS RECORD HIGH

Jobless Totals Drop Sharply; Officials Say Figures Show Accelerating Job Recovery

WASHINGTON (AP)—The number of Americans at work rose by over a million in April to a record total of 65 million. Unemployment declined by 735,000.

The improvement in both employment and unemployment were double what is seasonally expected in April.

Secretary of Commerce Lewis Strauss and Secretary of Labor James P. Mitchell said in a joint statement the figures demonstrate a rapidly accelerating job recovery.

Employment rose to 65,012,000, an increase of 1,184,000 over March. This is 2,105,000 more jobs than in April last year.

Unemployment declined to 3,627,000, dipping by 735,000 from March. This is a decline of 1,493,000 from the recession conditions in April of last year.

The 1957 figures in April were 64,261,000 employed and 2,690,000 unemployed.

In the first four months of this year unemployment has dropped by over one million.

## TWO SENATORS: A BIG DAY FOR CHOWCHILLA

WASHINGTON (AP)—Some people have trouble with the name of Sen. Thomas H. Kuchel (R-Calif.). He pronounces it "Keekel," but people keep saying "Kookel."

Recently, while visiting Chowchilla, Calif., the senator approached a resident and introduced himself. "I'm Senator 'Keekel,'" the senator said.

"This is really a great honor for Chowchilla, to have two senators here," the resident said. "Senator 'Kookel' is here too."

## Sheriff Wants Teen Felons' Names Printed

Juvenile hoodlums who commit felonies should be treated as adults and their names made public like those of adult criminals, Sheriff Louis P. Mountainos declared today.

The sheriff made the statement in support of J. Edgar Hoover, director of the Federal Bureau of Investigation, who said:

"We can no longer afford to let 'tender age' make plunder into a trifling prank . . . I feel when a felony has been committed in a community, there is no reason for withholding the names . . . they ought to be treated in the same manner as an adult."

Sheriff Mountainos said he is strongly in favor of Hoover's statement. "Any teen-ager committing a felony should be treated as an adult and newspapers and the community should be aware of the entire situation regarding the arrest," the sheriff declared.

Society over the years has tried to protect teen-agers, the sheriff pointed out, "but all we've seen is a rise in juvenile violence and juvenile delinquency throughout the country."

Felony violences should be brought to the attention of the public immediately, and steps taken to reduce the crimes, the sheriff added.

monthly job report attributed the April improvements to an unusually large pickup in construction and brisk hiring in hard goods manufacturing together with the spring expansion in agriculture.

The seasonally adjusted rate of unemployment in the labor force dropped to 5.3 per cent in April by comparison with 5.8 per cent in March and around 6 per cent during the winter months.

Strauss and Mitchell said in their joint statement: "This April, one year after the turning point in the recession, the rate of unemployment was about two-thirds of the way back to prerecession levels. The strong improvement in the last two months was in contrast to the lag in job recovery during the past winter."

Both the factory work week and earnings increased in April. The manufacturing work week rose to 40.3 hours, two hours greater than a year ago. More than half the gain represented increased overtime.

## 22 Tons Of Hay Burn Up On Fallon Ranch

Twenty-two tons of hay and the shed it was stored in went up in flame and smoke in the pre-dawn hours yesterday on the Angelo Poncia ranch in Fallon.

The blaze, believed to have started by spontaneous combustion, lighted the sky for miles around. It was visible eight miles away in Tomales.

Nine county firemen fought the fire for more than six hours, pouring 5,000 gallons of water on the crackling flames, which at times threatened to leap to two other nearby barns, each containing 43 tons of the tinder-dry hay. Fire Chief Charles Reiley reported.

Rancher Poncia estimated the loss of the insured barn at \$1,200. The hay, which was not insured, was estimated at \$750.

The fire was first reported at about 12:50 a.m. Firemen, led by Chief Reiley, converged on the blaze with five fire engines from stations at Point Reyes Station, Tomales, Chilesno Valley and Woodacre.

The last embers were not snuffed out until 6:53 a.m.

## Salesman Perches On Bridge Railing, But Fails To Jump

A hefty Inglewood salesman, Alan Leon Rubin, 37, went to the Golden Gate Bridge toll plaza at 4 p.m. yesterday and said he had "climbed a bridge railing but did not have the courage to jump," reported California Highway Patrol Officer Blair Barclay.

Rubin said he arrived in San Francisco last Monday deeply in debt but with \$600 in his pocket. He went to Reno, gambled the \$600 away and returned to San Francisco on Saturday. After staying overnight at a YMCA, he rolled up his clothing, disposed of it in a trash can, and walked onto the bridge, he told officers.

He was turned over to San Francisco police and taken to the psychiatric ward of San Francisco Hospital.

## BOAT SHOP RISES AT SITE OF FIRE

Construction has been started on a new structure for Edgewater Boat Sales and Repair Shop at the foot of Turney street in Sausalito, replacing the building destroyed by fire a month ago. Sausalito architect Tibor Fecskes has designed a one-story \$20,000 building with redwood rustic exterior which will house a large display room and rear workshop. Marine ways capable of handling both

pleasure and commercial craft are hidden from public view by a fence which appears to be a continuation of the front building wall shown in the sketch. A public launching ramp is located in the space between the two buildings at the right. Partners Clyde E. Kilian and Lawrence R. Zieger say the structure "will be the finest boat shop in the West." Target date for completion is June 15. Builder is O. A. Gravett of Hayward.

## No More Tax Stamps On Smokes, Liquor

WASHINGTON (AP)—The government today abandoned its historic policy of collecting liquor and cigarette excise taxes through the sale of tax stamps. Starting June 24, the industries will pay the tax by filing returns twice a month.

### LOBBY ISSUE

The industries have long lobbied for scrapping of the stamp system. They complained that large amounts of working capital were tied up because they had to buy the stamps in advance of bottling or packaging their products.

Under the new system, distillers and tobacco manufacturers will file returns twice a month covering shipments during the preceding 15 days. Taxes will be paid when returns are filed.

Internal Revenue Service officials said details of the procedure haven't been worked out yet.

### MONEY-SAVER

James P. Richards, president of the Tobacco Institute Inc., said the action will save the government money and lift part of the industry's financial burden at the same time.

"It is estimated that the government has been spending at least five million dollars per year in printing, handling and distributing the blue stamps so familiar to tobacco users," Richards said in a statement. "This will no longer be necessary."

## Refinery Blaze Under Control

TORRANCE (UPI) — Firemen early today brought under control a three-alarm blaze caused by the explosion of a large storage tank containing 10,000 gallons of crude oil at the Golden Eagle Refinery.

The explosion late last night lifted off the top of the large tank and spewed tongues of flame 100 feet into the dark sky.

The fire threatened for a time nearby tanks containing high octane gasoline, but Los Angeles county firemen managed to keep the tanks cool by washing them with water.

Pine stumps are used in the manufacture of adhesives, paints, soaps, phonograph records, lacquers, varnishes and insecticides.

## Tiburon Fire District Tax: About \$1.10

The Tiburon Fire Protection District Board in a special meeting yesterday set a preliminary budget for 1959-60 of \$61,835, with a tax rate between \$1.10 and \$1.15 per \$100 of assessed valuation.

The present tax rate is 69 cents.

The preliminary budget will be posted May 15 at the firehouse. A final hearing is set for June 2, announced vice chairman Fred C. Hannahs. The final budget will be completed by June 15, he said.

The first preliminary budget figure submitted by Commission Secretary G. Richard Donaldson was for \$70,045 with a \$1.19 tax rate. Commissioners reduced the figure by defeating on a tie vote a motion by Commissioner Howard I. McGill that fire chief Jack Ishmael's salary be increased from \$6,000 to \$7,200 annually.

Commissioners Hannahs and Kelly J. Wheeler voted against the motion, with McGill and Paul C. Hantsche in favor. Chairman Jon F. Stanton was absent.

Commissioners also voted against re-hiring Secretary Donaldson at \$1,200 annually. Hannahs will henceforth handle the bookkeeping and Wheeler will assume secretarial duties, each at \$10 per month.

H. R. Morring was retained as assistant chief at \$600 per year, but a second assistant in Belveron Gardens at the same figure was eliminated.

Volunteer radio dispatcher H. O. Douglas will be paid \$240 a year. Pay for drills and fires attended by volunteers was estimated at \$2,400 for the year.

Final action on a \$900 annual salary for commissioners was tabled until Chairman Stanton is present. The maintenance budget was set at \$13,200, compared with \$4,600 for the current year.

Capital outlay was set at \$32,235, to include \$10,250 for two payments on the district's new truck, one of which has been delinquent since April 1.

The U.S. aircraft carrier Sargatoga has an area of four acres on its flight deck.

## County Won't Pay For Some Retarded Classes

County financing of a special class for severely mentally retarded children was left out of the 1959-60 county budget by the county board of supervisors today.

The difference between state apportionments and actual cost per child will therefore continue to be charged to the school district where the child lives.

County Supt. Virgil S. Hollis told the board that because the class meets in Mill Valley, parents of mentally retarded children tend to move there, thus placing a disproportionate burden on the local school district.

Of the 10 children now enrolled in the Mill Valley class for children of below 50 I.Q., three live in Mill Valley.

Hollis said the same thing was likely to happen in Terra Linda, where the Marineland School for orthopedically handicapped children is located. He said last year two children lived nearby and were charged to Dixie School District, but this year four of the 30 youngsters were from Dixie School District.

Hollis said the district contribution per child was about \$1,000 a year. The county is required by state law to pay this sum for children who come from districts under 900 average daily attendance. Otherwise the local district foots the bill.

The county's responsibility extends to orthopedically handicapped children, deaf children, and mentally retarded children between 75 and 50 I.Q. By law it does not include the children below 50 I.Q. Hollis urged the su-

perisors to take this responsibility as a "countywide problem." He estimated county cost to underwrite the class as \$12,078.

The supervisors gave assent to an \$18,133 special class budget which includes Juvenile Hall school operation at the same level as this year: one regular teacher and a second teacher on a part-time basis. Hollis had asked for two full-time teachers.

The supervisors also approved a \$90,483 administration budget for the county superintendent's office. Almost half of the budget items are to be expended in connection with accounting and financial activities.

County Administrator Donald A. Jensen reported that, according to figures prepared by the California Taxpayers Assn., Marin County has the highest per capita cost in the state for a county superintendent's office: \$53.21 per 100 per sons compared with a state average of \$21.93.

### HEROIN

Continued from page 1  
federal narcotics violations and quizzed in a New York murder, and two associates, alleged leaders of the Mafia in New York and now fugitives.

#### PORTLAND BEGINNINGS

The case—which federal authorities hope may end the operations of a nationwide ring handling the importation and distribution of heroin and cocaine—had its beginning in Portland.

Jackson told authorities there that Criss was a "pusher" for a big-time narcotics ring. Criss was arrested and found guilty—partly on Jackson's testimony. A few days later, Jackson was found shot to death in his automobile.

Who did the murder has not been learned, but Jefferson allegedly told a jail inmate that he and Catlett planned it.

Catlett later turned state's evidence, and was allowed to plead to the single narcotics charge. Whether he and Jefferson are prosecuted for conspiracy to commit murder remains up to the Oregon authorities to decide, Watson said.

#### BOX SCORE

The box score in the four-week trial:

Jefferson and Cross, convicted of conspiracy to sell and conceal narcotics, will get five to 20 years each.

Catlett will get five years. His wife, Patricia, 26, pleaded guilty to one count of conspiracy and will get two to five years; Clark Elegan, 34, also of Oakland, pleaded guilty to a conspiracy charge which will put him behind bars for five years. His brother, Gerald, 30, pleaded guilty to a charge of selling narcotics and will get two to five years.

The jury disagreed on charges against Ernest (Duke) Arnold, 36, of Portland; Fred Jones, 43, of Portland; Berthelma Nolen, 24, of Los Angeles, and Mrs. Guadalupe Padilla, 27, of Ciudad Acuna, Mexico. Their cases will be reset for trial tomorrow.

Acquitted were Leroy Lemons, 32, Seattle; Lulu Parker, 34, Portland, and Richard Smith, 35, Spokane. Leon T. Graves, 35, of Los Angeles, named in the same federal grand jury indictments with the others on Feb. 18, will have a separate trial.

The original indictments charged 57 overt acts and 22 counts ranging from peddling narcotics to conspiracy and the hiring of murder.

One-fourth of the 2,200-foot length proposed for road work lies outside the Corte Madera town limits. Corte Madera is to contribute \$17,500 toward the project.

### Spinal Defects Noted In Many Ulcer Patients

by Dr. Robert W. Pearce

spine often interfere with the nerves controlling the digestive juices and cause a body imbalance. Ulcers then result when foods are unable to get their normal supply of these digestive juices.

Chiropractors use X-ray and other scientific methods to check for spinal defects. They are spine specialists and are able to correct such defects without hospitalization. Ulcer trouble generally goes away once the spine is corrected and the body is able to function normally.

For additional information on Chiropractic care (Palmer Method) write Dr. Robert W. Pearce at 1623 Fifth avenue in San Rafael, or address a card or letter to Dr. R. W. Pearce in care of Independent-Journal Box 725, or call GL 3-6201. Advertisement

# NEW TWISTER HITS TOWN IN ILLINOIS

**Tornadoes Rip Into Six States: Five Die, 21 Are Hurt, Property Damage Runs High**

By ASSOCIATED PRESS  
A twister cut a path of destruction along the edge of the central Illinois town of Monticello today. It struck on the heels of tornadoes that ripped into six states over the weekend, killing 5, injuring 21 and causing heavy property damage.

Striking just before dawn, the Illinois twister cracked a wall and damaged the roof of a one-story plant, upset two parked truck trailers, shattered a dozen plate glass windows in town and snapped utility lines. No one was injured.

Thunderstorms broke out in warm, humid air in the East

and another thunderstorm crackled over Mobile, Ala. Scores of homes were demolished, huge semi-trailer trucks were tossed about like leaves and the four-building Iowa community of Fansler was wiped out in tornadoes which lashed Texas, Iowa, Oklahoma, Kansas, Missouri and Wisconsin yesterday.

Tornadoes whipped through Oklahoma both Saturday and yesterday with roars which sounded to a farm wife "like a thousand winds blowing in all directions at the same time." It was in the Oklahoma town of Frisco that a twister killed five persons and injured nine.

## 'Liberal' Harvard Professor Elected Chairman Of ADA

WASHINGTON (AP)—Samuel H. Beer, 47, a Harvard professor and an avowed believer in political liberalism, is the new national chairman of Americans for Democratic Action.

Beer's election yesterday by the self-styled liberal organization brings to ADA's top leadership a close friend of Sen. John F. Kennedy (D-Mass.). Kennedy is a likely contender for the Democratic presidential nomination in 1960.

The ADA supported Stevenson in both his races for the presidency in 1952 and 1956.

Beer told a reporter he favors a liberal candidate for president. In response to a question he said Kennedy has called himself a liberal and "I think he would be in the liberal category."

As ADA head, Beer was named to succeed Robert R. Nathan, Washington economic consultant.

A new program of national goals was approved by the ADA convention.

These 10-year goals call for full employment through increased production, stronger civil rights measures, annual summit conference under auspices of the United Nations.

A typical hurricane can lift two billion tons of water from the ocean in a day, then dump it back as torrential rain.

# Transit District Could Well Slow Plans For Bond Issue

The Bay Area Rapid Transit District directors have a timetable on which they hope to get a transit system in operation in five counties in the shortest possible time.

This is a worthy and carefully thought out schedule, aimed at getting a proposed bond issue before the voters at the November 1960 election. At the same time it is a terrifically tight schedule, calling, for example for a \$600,000 engineering study to be completed in just one year starting right now.

Decision to undertake that study was made at the last meeting of the district's directors, but the contract for it has not yet been signed. That is scheduled for their next meeting.

In between, however, something has happened which should cause the district's directors to reconsider their timetable before signing that contract. The thing that happened has nothing directly to do with the transit district, but could well affect the results of a bond election in November 1960.

The event to which we refer is the announcement of Gov. Edmund G. Brown's water program.

Where the conflict comes in is this: Governor Brown has asked approval of a program which calls for a \$1,750,000,000 bond issue vote on the November 1960 ballot, twice as large as he had contemplated.

Transit district directors must ask themselves:

What chance does a multi-million dollar transit bond issue have of being approved when it is on the same ballot

with a one billion, 750 million dollar bond issue?

We in Marin have had some experience with numerous bond issues on one ballot. It is nearly always fatal to all of them. One of the best ways to kill a bond issue is to be sure there are numerous other bond issues at the same time, so a taxpayer isn't quite sure what it will cost him if they all pass.

If a voter is absolutely convinced that the governor's water project is sound and necessary, he may vote for the 1 1/4 billion dollar issue. If he does, is he then likely to add another 500 million dollars for a transit system?

Frankly, such figures scare taxpayers.

And what if he does not approve of the governor's big bond issue for water? Is he then going to turn around and approve bonds for transit? It will take an almost superhuman selling job to do it.

What are the alternatives? The transit directors could either wait two years for the next general election or call a special election some time later.

Either of these alternatives might not be so bad, even though it would slow their timetable.

Perhaps the engineering consultants could effectively use a few more months.

The district's public information staff might appreciate extra time to explain the final plan to the public.

In any event, we think the directors should give the situation careful consideration.

## Preparing For Guests

Weekend company from out of town requires a little special preparation, as every suburban housewife knows. The male section of the household is made forcibly aware of impending guests too.

The lawn and flower beds must be mown and manicured, the car ought to be washed and the driveway really ought to be swept. The Old Man has his work cut out for him when company is coming.

In the meantime (though we thought

our house was well kept) everything must be dusted, shined, polished, swept, mopped and waxed again. Dust must be pursued in unseen places.

Equally rigorous is the psychological dusting off that goes with guests. The joyful quarrels are out. Everything must be unalloyed bliss. All is smiles and harmony.

We enjoy company as much as anyone. But we also enjoy it when the company leaves and we can be our undusted selves again.

### We're Paying Now For Civic Center

EDITOR, Independent-Journal:  
May one add to your growing file of letters concerning

plans for the proposed county center?

At a public discussion of this topic tonight (May 5), several members of the "Marin Citizens' Committee" stated emphatically that their group is not in any sense op-

posed to the county center or to plans for it "as such." Rather, said they, their only contention is that the question of whether or not a new office building for county government is to be built should be put to a vote of the people.

This is the group which is currently distributing throw-aways throughout Marin describing the proposed building as "a palace from which to rule Marin County" and "palace for our supervisors." One senses an inconsistency here.

Even more of the inconsistency was apparent when the several speakers who ostensibly have no quarrel with the plans for the county center "as such," promptly proceeded to devote most of their time to attacking those plans as such. Examples in a minor key were one speaker's remark that he would be happy if the smokestack and radio tower presently indicated were removed; another speaker's opinion that the distance from one end of the building to the other is too great.

Their greatest effort, however, and the largest part of their time, was spent in trying to prove their claim that — any way the cloth is cut — this building will be too expensive for Marin's pocket-book. As presented by one of these opponents, the cost of this building will be so great that people will be forced to move from Marin to some county which has more moderate tastes.

By a fortuitous circumstance, tonight's issue of your paper carries a story which has direct application to this most important of questions, the cost of the proposed office building in relation to our ability to pay for it. This is your reporting of the California Taxpayers Association's figures which show that Marin is 51st of the 58 counties in California in per capita tax rate for county government. (That is, only seven of the 57 counties in the state have a lower per capita rate than ours.)

The application to the cost of our proposed office building is this: these figures were based on the 1958-59 tax rates and Marin's rate of \$2.30 for that fiscal year included, as it has for several years past, the cost of this building! With no increase in this portion of our tax rate, we will be able to pay the final contractor's bill for our new county government building sometime in 1962. So then, even including the cost of this "Taj Mahal," as those who deny objecting to the County Center "as such" call it, Marin is still comfortably near the bottom of the list as far as cost of county government goes. . . .

### Charges Of Council Conflict Of Interest May Trim Aspirants

The hassle over Sausalito's sandspit, in which one group of citizens has raised a question of conflict of interest involving native-born Councilman John Koenig, may have its repercussions next year when three council seats, including Koenig's, come up for election.

The others are Mayor Howard Sievers and Councilman Phil Ehrlich.

Koenig has been attacked at the last three council meetings with the contention that his insurance business with Madden and Lewis provides sound grounds for conflict of interest since the controversial sub-lease is between the Madden firm and developers of a restaurant on the sandspit.

While the accusations thus far have been restrained and on a gentlemanly basis, and Koenig's defense of his position has been equally polite and restrained, it has become increasingly apparent that some of Koenig's defenders are not so patient and strongly resent the attack.

Sensing the future problems if the charges stick, Fred H. Turner, Sausalito property developer, arose at last week's council meeting warning that such maneuvers would frighten people from running for a council post.

"Carried to an extreme," said he, "we'll find ourselves going outside our own city to find councilmen," he quipped.

IT'S NOT A NEW problem. At last year's Mill Valley city council election, there was much talk that local merchants should be candidates; that the city was suffering with commuter councilmen. (Actually, George Blackwell and Betty Rodman are not commuters.)

But we have yet to see a local merchant anxious to run for the unpaid council posts in view of the inevitable abuse

and tremendous time required, and the probable loss of friendship and goodwill because of some council action.

What will happen next year when the three Sausalito council seats and three Mill Valley seats come up for vote will be interesting to observe. It would appear that confidence in elected representatives might be a most important consideration.

APPARENTLY, Belvedere's Dr. Donovan Cooke wants to make it known that he is not entirely on the feminine side in spite of his seven daughters.

He is sponsoring a boy on one of the local Little League teams.

LAST YEAR at this time, Sausalito's Frank Bost reported the interesting advent of the swallows (or maybe mud-larks) under the eaves of the Bank of America office in Sausalito, which he manages.

This year, Frank reports, the birds have just returned but in triple the numbers of last year and places for nests appear hard to find.

THE TEEN-AGERS down Tam Valley way go about their business quietly in a way that deserves praise from all adults while setting an example for other teen-age groups.

At last week's meeting of the local improvement club, the teen-agers came up with \$100 in cash for the fund being used to develop a playground and another \$50 for the club's building fund. The money was raised at dances.

For which we doff our non-existent hat on a job mightily well done.

ROMANCE IN Mill Valley dept. . . . City Manager Al Almerants informed the council last week that he had acquired a wrought iron patio love seat to be installed on Throckmorton Avenue near the bus depot.

### Trading Stamps Are Still With Us But They'll Be Closer Regulated

SACRAMENTO (CNS) — California housewives who save trading stamps can be reassured this year no legislation eliminating the stamps will be adopted. But there is every chance that laws setting up better controls on the stamp companies will be enacted into the statutes.

This results from a two-year investigation and study on the trading stamp situation by a Senate interim committee on business and professions, headed by Senator Luther E. Gibson.

THE COMMITTEE called attention to the fact that efforts have been made in this and other states, to abolish trading stamps. However, it found no justification for such an effort.

It held rather, that the public has been defrauded in a number of cases involving stamps and in some instances has suffered substantial loss because of poor business practices.

The decision then, was not to abolish stamps, but rather, to set up a protective law through which the public and the legitimate stamp companies both could benefit.

RESULT WAS SB 102, which provides trading stamp companies must be licensed by the state commissioner of corporations. They also must furnish a surety bond to guarantee redemption, in merchandise or cash when the stamps aggregate in value at least five cents.

The committee had one other bill, SB 172, which provided that any stamps unredeemed after three years, would escheat to the state, that is, the company issuing such stamps would be required to pay their value into the state treasury.

This measure, however, will be dropped at this session of the legislature, according to Senator Gibson. He said there is need for more study on the proposal.

Indications are, however, that two more years of study on the subject will result in some other proposal at the 1961 session to effect an escheating procedure.

Trading stamps are big business. One company alone, the committee was advised, issues more trading stamps than the post-office does postage stamps!

### Churchill Says Goodbye With Tears In His Eyes

LONDON (AP) — Sir Winston Churchill returned home today from what may have been his last visit to America.

Smiling and spruce in a homburg and gray suit with a red rose in his lapel, the British statesman was greeted at the airport by his wife, who kissed him on both cheeks.

U.S. Ambassador John Hay Whitney also came out to welcome Churchill home.

Sir Winston was misty-eyed last night as he boarded the British jetliner at New York's Idlewild Airport.

Churchill, 84 and ailing, delivered a brief message before boarding the plane. Then he waved his black homburg at the crowd of several hundred gathered to see him off.

Churchill spent seven days in New York and Washington. In New York, he stayed with an old friend, financier Bernard Baruch.

A crowd of several hundred gathered outside Baruch's home in mid-Manhattan for a glimpse of Churchill.

Churchill smiled as a cheer went up when he came out.

He bowed slightly and lifted his right hand in his "V for Victory" sign.

visited with President Eisenhower. He also paid calls on former Secretary of State John Foster Dulles, ill with cancer, and Gen. George C. Marshall, also former secretary of state, and the victim of two strokes.

Churchill has suffered several serious illnesses in recent years.

But there was much of the old warrior evident as he stood on the ramp at the airport.

"Ladies and gentlemen, I must now leave you and return to Britain, my other country," he said. "I have had a happy stay in the United States, and I have been touched, much touched, by the warmth of your welcome."

"My great friend, President Eisenhower," he continued, "has made my stay in America a memorable one. We hold him in great regard throughout Britain. With my old friends I have talked of many of our problems and I do not think that our views are a great deal different."

Tears appeared in his eyes as he continued.

"I will now say goodbye to you all, and particularly to my old friend, Mr. Baruch. . . I would like to bid you farewell in this key: as long as the United States and Great Britain are united and bound together, the future is one of high hopes both for ourselves and the whole free world."

### Britain To Supply Iraq With Planes

LONDON (UPI) — Britain announced today it has agreed to send military aircraft to the Iraqi government of Premier Abdel Karim Kassem.

Minister of State for Foreign Affairs John Profumo told Parliament Britain has agreed to the shipment of a "limited number" of twin-jet Canberra bombers "if financial arrangements could be made."

The government also informed the Iraqi government that it was ready to authorize negotiations for the delivery of "a reasonable quantity" of other arms, including tanks, Profumo said.

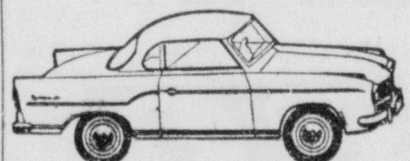

He said negotiations for the arms shipments are now being made in Baghdad between Iraqi officials and the British ambassador.

The decision to supply the arms was apparently made after a flurry of secret exchanges between Britain and Middle East countries.

The prospect of Iraq falling under Communist domination was believed to have been a prime consideration of the decision.

### Nazis Read Secret U. S. Diplomatic Notes In '41

WASHINGTON (AP) — Nazi Germany read secret U.S. State Department messages in 1941. Diplomatic papers discuss a German claim that spies picked up the messages.

The State Department has just published a 1,011-page book of diplomatic papers concerning American relations with Europe in 1941.

The messages read by the Germans involved American attempts to keep French North

Africa out of the Nazi camp. After the Nazis read the messages, Gen. Maxime Weygand lost his job as commander of North Africa for the Vichy government of unoccupied France.

Robert D. Murphy, now under-secretary of state, had sent the messages to Summer Welles, who was undersecretary then in Washington. At that time, Murphy was counselor of the U.S. Embassy in

Vichy. The State Department book does not specify how the Nazis were able to read Murphy's messages.

Murphy told Washington of one explanation given by official informants. They told him the Germans were claiming "they have been kept accurately informed of all Weygand's conversations with us through a 'reliable' Washington source."

A second possibility was that the Nazis had broken the State Department code. But, Murphy told Washington, his informants said this was not so.

## LARKSPUR SCHOOL RACE Woman Challenges Two Incumbents

Three candidates — two of them incumbents — are after two positions on the Larkspur Elementary School District board in the May 19 election.

The name of one, Mrs. Doris N. Barck, appears twice on the ballot, however. This is because Mrs. Barck was appointed to fill out the term of Mrs. Lorraine Pearce, who resigned, expiring this May 31. The law requires that she stand for election for the remainder of the term — a mere two weeks. For this, she is unopposed.

Mrs. Barck and incumbent M. K. Taylor are candidates for full three-year terms, as is Mrs. Ann R. Lubamersky. The two receiving the highest number of votes will be elected.

These are the candidates:

**MRS. DORIS N. BARCK**, 38, of 35 Lakeside drive, Corte Madera, now serving on the board by appointment, is president and parliamentarian-elect of Neil Cummins School Parent-Teacher Assn. She has been a Marin resident since 1925, most of the time in Larkspur and Corte Madera. Long active in little theater work, she was president of the Marin Junior Theater in 1952-53 and participated for many years in the Ross Valley Players.

She was educated in Larkspur schools, Tamalpais High

School and College of Marin. She has two daughters, 5 and 10 years old. Her husband is William F. Barck Jr., San Rafael insurance agent.

**ANN R. LUBAMERSKY**, 33, of 8 Tamal Vista drive, Corte Madera, is secretary of the Corte Madera-Larkspur Girl Schouts Neighborhood Assn. and a Brownie leader. She is also first vice president of the Ladies Guild of St. Patrick's Church in Larkspur.

Mrs. Lubamersky was born in San Francisco and educated at Star of the Sea School there and in evening classes of University of San Francisco. She was a claims supervisor for California Physicians Service before "retiring" to housework in 1957.

Her husband, A. E. Lubamersky, teaches high school in San Francisco. They have two daughters.

**M. K. TAYLOR**, 52, of 484 Chapman drive, Corte Madera, now completing a term on the school board, is an attorney with his office in San Francisco.

He has been a Marin resident since 1949. He is a member of the Young Men's Christian Assn. board.

Taylor was born in Talorsville, Ill. He received his bachelor of science degree from Dartmouth College and his law degree from San Francisco Law School.

He and his wife, Louise, have four children, of whom three are still at home.

Attorney John L. Rockwell, 45, former Fairfax city councilman, was appointed today to the seven-man Marin County Probation Committee, a board which sets up general policies for the county probation department.

Rockwell, appointed by Juvenile Judge Thomas F. Keating of Marin Superior Court, replaces Mrs. L. W. Hollingsworth of Kentfield, who resigned. Other members of the committee are chairman Roy Ibach of Mill Valley, John E. Cahill of Ross, Mrs. C. A. Kircher of Tiburon, Mrs. Desmond Mactavish of San Rafael, Rev. Henry B. Getz of San Rafael and C. C. Webb of San Rafael.

Committee members serve for four years.

Rockwell, the new appointee, was a member of the board of freeholders which drafted a proposed charter for the county last year. A 1943 graduate of University of California's Boalt Hall law school, Rockwell has lived in Marin for 15 years and been in legal practice in the county for 10 years.

## GIFT MAKES MOTHER HAPPY

A youngster with a new toy could not have been more happy yesterday than Mrs. Lois Hennessy, 53. She received a bicycle from her daughter, Miss Thea Gama of Mill Valley, as a Mothers Day gift. And here, for the benefit of a photographer, Mrs. Hennessy balances herself on the bicycle

during a ride in San Francisco's Golden Gate Park. "I'm just crazy about it," she said. Mrs. Hennessy, who lives in San Francisco, is doing graduate art studies at San Francisco State College. Miss Bama lives at 532 Throckmorton avenue, is a College of Marin student and is active in amateur theatricals. (AP Wirephoto)

## Resuscitator Rushed To Tired Swimmer

Fairfax firemen yesterday afternoon rushed to the swimming pool at the Marin Town and Country Club with resuscitation equipment when a call from the club reported a swimmer was "in trouble."

When they arrived they found San Francisco resident Carol Leach, 18, had been pulled from the pool by fellow swimmers after she suffered cramps. Fireman Jean Lestang administered oxygen to the girl, who apparently was exhausted but otherwise in good condition, he reported.

SLUMPING GIANTS RECALL RHODES

Sanford Faces Pirates Tonight

Dusty Rhodes, the cigar-champing warrior who made history with his pinch-hit homers as the Giants were winning the 1954 World Series, is marching back to pull his old club out of a bad spin.

Just before Los Angeles defeated them yesterday, 3-2, they announced that Rhodes was being called up from their Phoenix farm club in the Pacific Coast League. The man who had to go in order that the roster remain at the legal limit was Bob Speake. The Giants released him outright to Phoenix.

"I'll use Dusty mainly as a pinch hitter," Manager Bill Rigney said of the Alabamian. "He gives us some left-handed power and may come up with those clutch hits. Man, we need 'em!"

Those late-inning blows which kept Giant fandom delirious last season seem headed for extinction. The latest figures after yesterday's defeat showed that San Francisco's pinch-hitters were delivering at a .121 clip.

Rhodes has been hitting well over .300 in the Coast League this season and belted 25 hom-

ers there last year although finishing up with .269. He is expected to join the club in time for tonight's contest with the Pirates. Ben Daniels (0-0) will start for the visitors in the first of a two-game series while Jack Sanford (4-2) goes for San Francisco.

Their lost weekend with Los Angeles left the Giants in fourth place while L. A. bounded up into second. A slashing single through the box by Wally Moon gave the Dodgers a 6-5 victory in the 11th inning Saturday. Yesterday they won, 3-2, on the strength

of home runs by Rip Ripulski and Charley Neal and a sacrifice fly by Don Demeter.

Clem Labine was a hero in both games, stifling San Francisco rallies twice. He came on with two out in the eighth yesterday to preserve Johnny Podres' fourth win.

Los Angeles had a 3-0 lead going into the Giants half of the eighth at the expense of Mike McCormick, now 0-2, and Stu Miller who started that inning and fed a homer to Neal. Then Willie Mays doubled high off the center field scoreboard and tallied on Felipe Alou's sixth home run of the season.

Leon Wagner hit Labine for a pinch double in the final inning, but never got any further.

Rigney had a joust with the umpire during the fourth inning after his team had loaded the bases and two were out. He argued that Daryl Spencer should have been waved in from third base on grounds that Podres had balked. But the arbiters told him it was no dice.

"Sure it was a balk!" Rigney exclaimed later. "Podres started his windup then suddenly stepped back off the rubber."

KEYSTONE OUT — Sliding Andre Rodgers, Giants shortstop, is forced at second base in second inning of Giants-Los Angeles game at Seals Stadium yesterday. The force out, third out of the inning, started when

Giant catcher Bob Schmidt bounced a grounder to second baseman Charley Neal, right. Neal flipped to shortstop Bob Lillis for the out. Rodgers had walked to get on base. (AP Wirephoto)

Braves Overpower Reds, Regain Lead

By ASSOCIATED PRESS

The Milwaukee Braves are riding high again with Hank Aaron and Eddie Mathews cutting a wide path through the National League.

Aaron's .485 average is the best in the majors and his 49 hits are high for both leagues. Mathews tops the big show with 11 home runs and 27 runs scored.

Their explosive punch is the main reason for Milwaukee's first place status. The Braves resumed the lead yesterday by taking a pair from Cincinnati.

The Braves scored seven runs in the eighth, after Don Newcombe left, in the 12-4 opener in which Mathews hit No. 11 and a pair of singles.

Aaron broke up the 2-1 second game with a tie-snapping single in the ninth. It was his fifth hit of a busy afternoon.

Los Angeles climbed into second place for a 3-2 victory over San Francisco.

The Phillies and Pirates ran afoul of that Sunday curfew rule in Pittsburgh. After the Phils handed Bob Friend his sixth straight defeat 6-3 in the opener, the Pirates had opened up a 6-4 lead on Smoky Burgess' hitting when curfew sounded. They were in the last of the eighth, so the game must be completed July 21 before it goes into the standings.

CARDS WIN SERIES

Down-trodden St. Louis finally won a series, splitting two with Chicago for a 3-2 edge in a five-game series. Although Bobby Thompson hit two homers and drove in six runs, it took an 11th inning homer by Earl Averill to give the Cubs a 10-9 edge in the opener. Gino Cimoli, who had a big hitting day, teamed up with Curt Flood in some ninth inning heroics to give St. Louis the second, 8-7.

Milwaukee had lost the first two games of the series to the Reds, but dropped the visitors into third place by taking the double-header.

Bob Rush won the first from Newk with help from Don McMahon, and Carl Willey outpitched Joe Nuxhall in a fine duel.

In that suspended game at Pittsburgh, Burgess had driven in four runs with a three-run pinch homer and a double when curfew intervened. The opener was delayed for 15 minutes at the start and was held up again for 55 minutes by rain.

There was an oddity in the St. Louis-Chicago double-header. Lindy McDaniel of the Cards lost the first and won the second, both on relief. It was the same story for Chicago's Elmer Singleton who came from the bullpen to win the first and then lose the second.

Carousel Winner Of Ensenal Race

NEWPORT BEACH (UPI)—The "Carousel" today had won its third Newport to Ensenada Yacht Race over-all title.

Ash Brown's hard to beat 41-foot cutter actually was fifth to the finish, but as a Class "D" boat gained time handicaps from almost all the rest of the field.

The "Carousel's" corrected time for the 140-mile run was 25 hours, 7 minutes and 31 seconds. That clocking won it the President of Mexico Trophy.

Second place in the over-all standings went to "Y Como," third was "Holiday," and the "Dolphin" was fourth.

UPSET OF YEAR

American River Loses To Marin

American River Junior College baseball team's 25-game winning streak came to a screeching halt Saturday at Kentfield where the College of Marin Tars eked out a 3-2 triumph over the Sacramento powerhouse in the second game of a double-header.

After American River clubbed out 18 hits in a 17-0 first game triumph, the Tars scored the Golden Valley Conference's upset of the year by pushing across the winning run in the last half of the seventh inning—and, they did it without getting a hit.

After one out, John Brookman drew a walk and went to second on a wild pitch and to third on a passed ball with Bill Ahern at bat. Ahern then went down swinging, but the catcher dropped the ball. On the throw to first to get Ahern, Brookman

dashed home from third, sliding in under the return throw with the winning run.

Marin batting star of the second game was Bobby DeRosa who cracked a triple and double and scored two runs.

Brookman, Ahern and pitcher Gene Klein each singled to round out Marin's five-hit total in the nightcap.

Klein went the distance, giving up six hits, including a home run and double, but he set down the invaders without a hit in the last three innings.

American River's romp in the first game was its 17th league victory this year. Marin's nightcap victory gave Coach Ed Grimm's Tars a 10-6 league record, good for second place.

# Chisox Sweep Pair, Close In On Tribe

By ASSOCIATED PRESS

Billy Pierce and Early Wynn, a pair of route-going pitchers in an era of relief-happy managers, have moved the Chicago White Sox within striking distance of the American League lead.

Although Pierce gave up 13 hits he went all the way for the White Sox to beat Cleveland 5-4 in 11 innings yesterday, winning on a single by Bubba Phillips, who had tied

the score with an eighth-inning homer.

Wynn, a 39-year-old professional, completed the job on the league-leading Indians with a four-hit, 5-0 shutout. The Sox backed him up with a 13-hit attack including Del Ennis' first American League homer.

Detroit's Tigers continued to streak under new manager Jimmy Dykes, whipping Kansas City 7-6 for their seventh victory in eight starts under the new boss.

The New York Yankees proved they are not quite ready for burial by taking a pair from Washington 6-3 and 3-2, the second in 10 innings.

## BOSOX BAG PAIR

The Boston Red Sox also did their bit to tighten up the American League race, grabbing two from high-flying Baltimore 3-2 in 10 innings and 5-1. Don Buddin's first home run won the opener for Leo Kiely. Frank Bauman's three-run triple and six-hit pitching did the heavy work in the second.

As the Western teams head East for their first extended road trip, the distance from top to bottom in the league is only 6½ games.

The White Sox continued to torment the Indians whom they have beaten six times in eight starts. As a result, Chicago is only 1½ games out of first place.

Pinch-hitter Billy Goodman drove in the tying run in the White Sox 11th after Cleveland had scored once. Phillips then singled home the winner to give Pierce the edge over Dick Brodowski.

## BAD INNING

Wynn had only one troublesome inning, the third, when Minnie Minoso singled and Rocky Colavito doubled. He tightened up and didn't allow another hit. Loser Mike Garcia never had another chance.

Dykes' Tigers won a battle of home runs from Kansas City. Charlie Maxwell, Lou Berberet and Rocky Bridges did the bombing for the Tigers although Roger Maris hit two for the A's.

Ryne Duren had to put down a ninth inning uprising at Yankee Stadium to save Whitey Ford in the first game. The Senators had scored twice and had two on with nobody out when Duren took over. He blew down the next three.

Norm Sibern's double, a sinking liner on which Jim Lemon missed a shoestring catch, won the second for the Yankees in the 10th innin, scoring Mickey Mantle who had singled off loser Camilo Pascual. Duke Maas was the winner in relief.

Buddin's 10th inning homer sealed the first victory for relief man Kiely of Boston. Bauman's triple led the second game attack that also included a homer by Frank Malzone. Jack Harshman and Hec Brown were the losers.

## Palmer Leads In Finals Round At Oklahoma City

OKLAHOMA CITY (AP)—There's nothing like a rainy day for golf talk and that's exactly what happened after the final round of the \$25,000 Oklahoma City Open Tournament was rained out yesterday.

The same players tee off today, weather permitting, hopeful of completing the 72-hole tournament.

Starting the final round, former Master's champion Arnold Palmer of Ligonier, Pa., held a two-stroke lead over Tommy Jacobs, of Whittier, Calif.

Palmer shot rounds of 73-64-67 for a 204 total while Jacobs' 206 was built with rounds of 66-67-73.

Bob Goalby of Crystal River, Fla., and Don Fairfield of Casey, Ill., were in good position at 208.

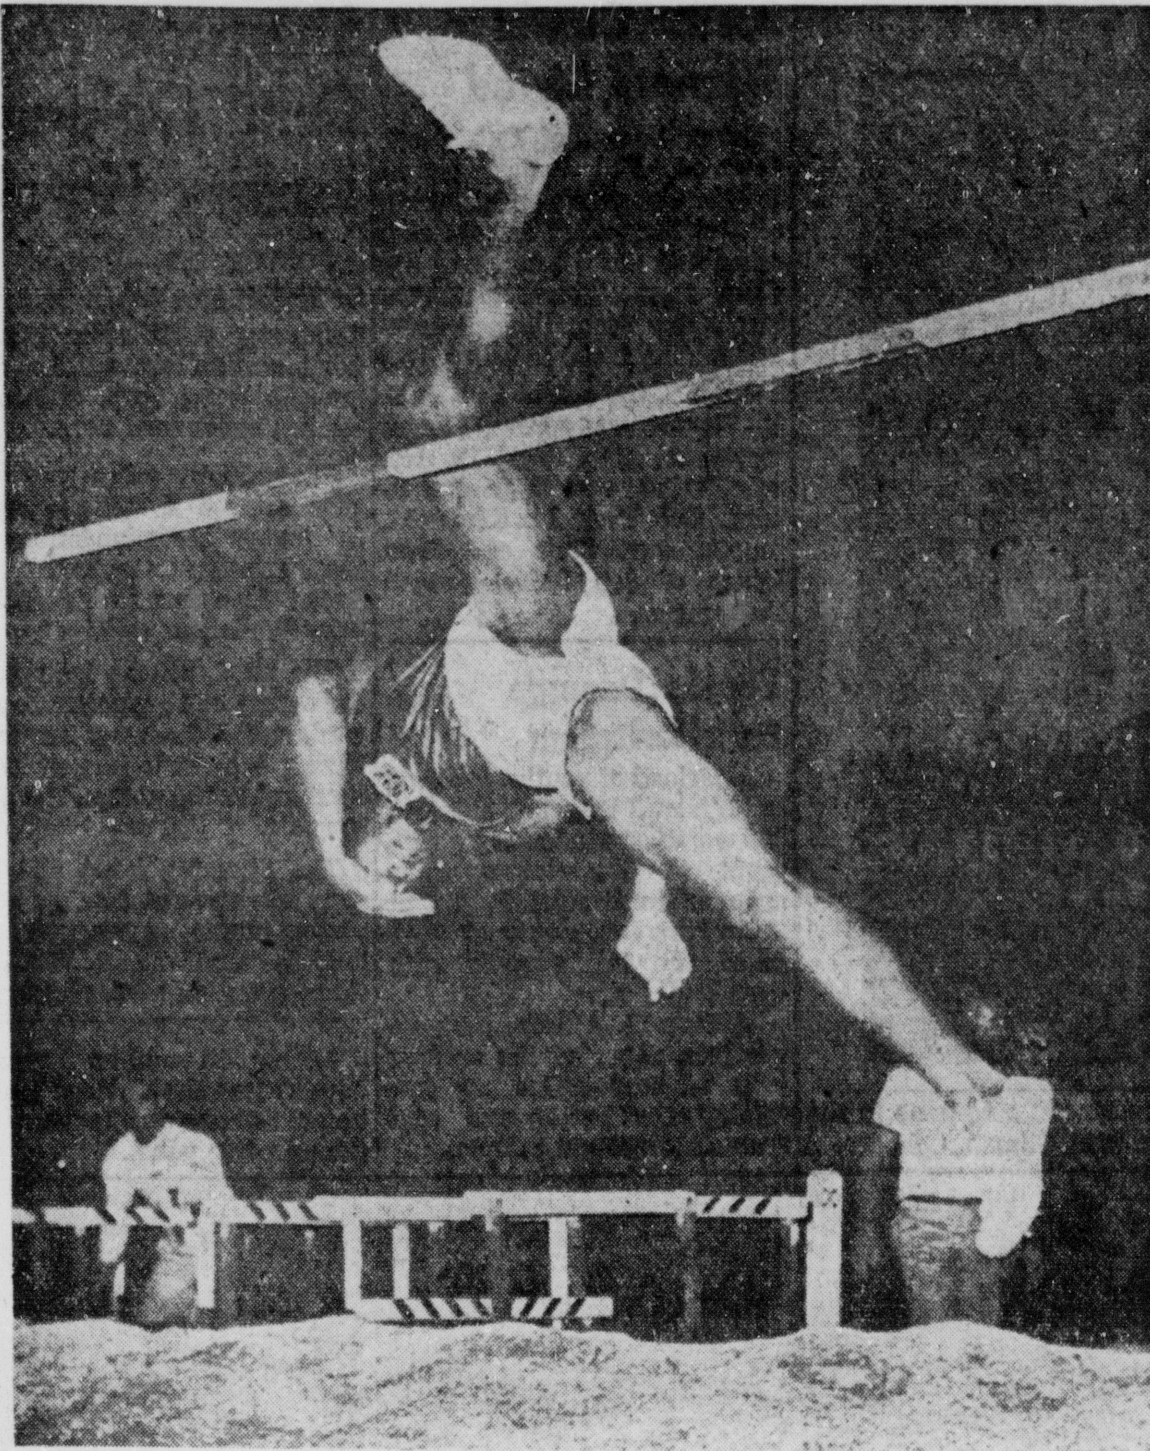

Locker room conversation pointed out that Palmer was the 54-hole leader at Houston earlier this year and missed winning, and that he was co-leader at the Master's only to lose out in the final round. The pros were wondering if this could happen again.

# LA Next Stop For Trackmen; 3 World Marks In Jeopardy

By HAL WOOD

FRESNO (UPI)—Sprinter Ray Norton, high jumper Charley Dumas and shot-putter Dallas Long went into serious training today as they took dead aim at some new world records in the Coliseum Relays which will be held at Los Angeles Friday.

Nearing perfection in their chosen events, this trio of athletes could turn the track and field world upside down with the big crowd at Los Angeles cheering them on.

Norton, particularly, will be taking a shot at the 9.2 second mark in the 100-yard dash—an elusive figure that the boys have been shooting at for a decade.

Thes pindly San Jose State Negro had the chance to do it Saturday in the West Coast Relays here. But he eased up at the finish line and was clocked in 9.3—equalling the world record.

"I had no idea that I was running that fast," said Norton after he heard the time for his preliminary. "I'm sure that if I had run all out, I would have come in with a 9.2."

In the finals Norton was clocked in 9.4 as he nosed out the great Olympic champion, Bobby Morrow of Abilene, Tex., by inches. This race was marred by four false starts, however, and Norton admitted he "tightened up" while waiting.

Dumas, first man in history to high jump over seven feet

(he turned the trick in 1956) 32½.  
did in again with his leap at Fresno. He tried twice more at seven feet, 1½ inches in an attempt to wrest the title from Russia, but failed.

The 260-pound Long looks like a cinch to hit a new record mark in the shot put in the not-too-far distant future. His best official throw Saturday night was 62 feet, 5¼ inches. He took a seventh toss and the 16-pound ball zoomed out 63 feet, 1½ inches.

Long had competed in a meet at Logan, Utah, the previous night, had travelled 800 miles—and still topped the 60-foot mark on four out of seven attempts.

Two were foul and one was "only" 59 plus feet.

There was a good pole-vaulting performance, too, from Aubrey Dooley of Oklahoma State with a leap of 15 feet, 1½ inches.

The open - intercollegiate team title went to Southern California Striders of Los Angeles with 43 points. USC came next with 36, followed by San Jose State, 29, Occidental 25, Oklahoma State 21 and Stanford 18.

In the collegiate division, USC led with 51 points followed by Occidental with 42, San Jose State 37½, UCLA 35, Stanford 33 and Oklahoma State

## Dupas, Scott 'Even Bet' In TV Bout Wednesday

NEW YORK (UPI)—Welterweight contender Ralph Dupas of New Orleans and Charley Scott of Philadelphia will fight at the Chicago Stadium Wednesday night in the only TV bout on this week's boxing schedule.

Although Dupas is ranked second by the National Boxing Assn. and Scott seventh, betting is at "even money." Scott, coming along rapidly, was impressive in his last two bouts, both with Isaac Logart. He outpointed the Cuban and on April 3 stopped him in the third round.

At London tomorrow night, middleweight Randy Sandy of New York will try to prove that his widely disputed decision over Dick Tiger, British Empire cham-

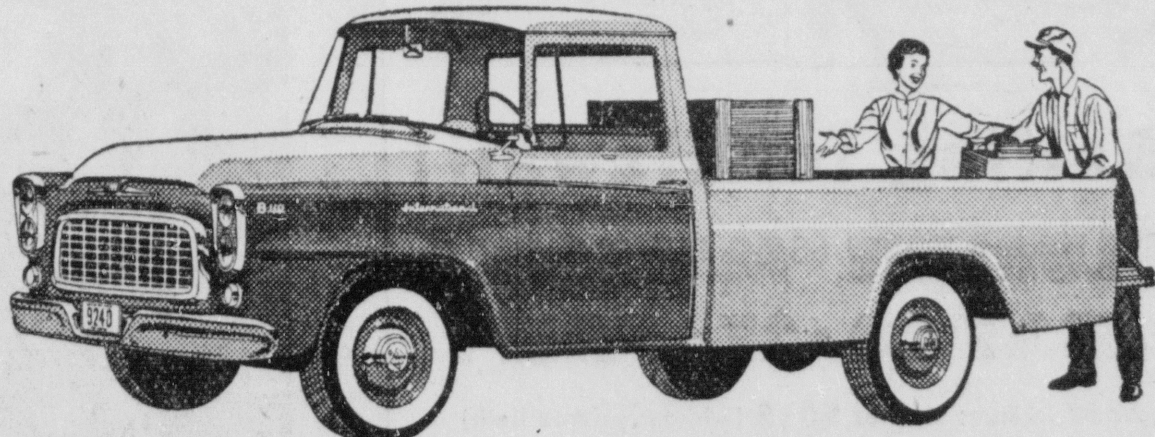

pion, was deserved. They meet in a return 10-round at London's Wembley Arena. Their March fight was at Liverpool, England.  
On the Sandy-Tiger card, Dave Charnley of England will try to take the British Empire lightweight crown from Willie Towell of South Africa.

### Fairfax Woman Thrown From Car

Mrs. Donna Rosalind Tuthill, 35, of 65 Woodland road, Fairfax, was thrown from a car to the pavement in a two-car collision near 1618 Second street, San Rafael, Saturday, but escaped with only scratches.

Mrs. Tuthill was a passenger in a car driven by Harvey Leo Baldwin of 423 First street, San Rafael, which collided with one driven by James C. Francis of 48 Bothin road, Fairfax.

Police said Baldwin was attempting a left turn across Second street. The Francis vehicle was westbound on Second.

Baldwin was cited for driving without due caution and for failure to yield the right of way.

The northbound and southbound Lark streamliners carrying 235 passengers and crewmen were traveling at reduced speed when they collided. The northbound train pulled out of a siding and raked the southbound train's last three Pullmans.

Injured were:

Bonnie Daniel, 64, a porter from Los Angeles who was trapped in a Pullman and suffered smoke inhalation.

Edmund Edelman, 28, of Los Angeles, back injuries.

Mrs. James Sherman, 52, of Las Canada, back injuries.

Mrs. Florence Kelley, Bay City, Mich., minor cuts and bruises.

Mrs. Kelley taxied to Guadalupe to catch the southbound train which went on to Los Angeles without its three derailed cars.

Passengers in the northbound trains were taken by bus to San Francisco.

Southern Pacific officials were investigating why the engineer on the northbound train pulled on to the main line before the other train had passed. Both trains are controlled by signal boards activated in San Francisco. The engineer is Henry Van Zandt of San Francisco.

Most of the passengers, Conductor Howard Darnell of Los Angeles said, slept through the wreck and had to be awakened.

## 2 Highway 101 Interchanges May Be Begun

Work may start this summer or fall on two Highway 101 interchanges at North San Pedro road and Terra Linda, state highway engineers revealed today.

Clifford Birnie, traffic engineer for the state Division of Highways, said \$1,250,000 has been set aside in the 1959-60 budget for the two interchanges and frontage roads from Puerto Suello Hill to Lucas Valley road. If construction starts this summer, the interchanges should be ready for use by the end of next year.

The state has filed a condemnation suit in Marin Superior Court for land needed for the interchanges and frontage roads.

"Filing of the suit does not mean that negotiations for the land will not continue," Birnie explained. He said he believes most of the land can be obtained through negotiation.

## Judith Booth Weds Carroll D. Counts

Judith Helen Booth and Carroll Dean Counts, both of Mill Valley, were married Saturday afternoon in a ceremony performed at 2 o'clock in the Mill Valley Methodist Church. Relatives and close friends only were present.

The Rev. Edgar Nelson officiated at the double ring rites before an altar decorated with white stock, snapdragons and gladioli.

When the bride was given in marriage by her father, Lyman Booth, she was wearing a ballerina length gown of white silk organza over taffeta. The skirt was bouffant, and the fitted bodice had a low, round neckline and three-quarter sleeves.

A coronet of orange blossoms held her shoulder length veil, and she carried a bouquet of white roses.

Maid of honor Bonnie McGregor of Mill Valley wore a similarly designed dress of aqua taffeta with chiffon streamers falling from the shoulders. Her headdress was a small cap of the same material as her dress, and her flowers were pink roses.

Best man for the bridegroom, who is the son of Mr. and Mrs. Everett Counts of Mill Valley, was Leonard Gonterman of San Rafael, and ushers were the bride's only brother, Edwin Booth, and James Porter of Mill Valley.

For the reception at the home of the bride's parents the house was decorated with caia lilies and pink roses, and the three tiered wedding cake topped by a miniature bride and bridegroom and lilies of the valley stood on an antique marble-topped table.

## THE PARENTS' CORNER

By RICHMOND BARBOUR, Ph. D.  
Guidance Counselor

### 'You Mothers And Fathers Play Too Much With Your Children'

Here's another man who does not like us modern parents. "You mothers and fathers play too much with your children," he says. "You break down the natural barrier between the generations. You undermine your children's respect. You deny them the right to be independent..." On and on he goes. Who is he? A literary critic. A bachelor, of course. Do you agree with him? I don't.

Play season is with us again. I think families should play together. Family fun is the best kind of fun. Are there outdoor games you can play with your children? Games like horse-shoes, badminton, croquet? Ad-just the rules so the children have an equal chance to win. Then they'll enjoy playing with you. When you lose, lose gracefully. Be a good sport.

Do you share your hobbies with your children? My son and I have been going on expeditions with some rock collectors. Rock hunting is a fine family hobby. On the trips I'm impressed with the harmony I see. Not one cross word among a family all weekend. We can't

do that well at home, can we? Do you go to picnics with your children? Swim together? Hike together? Fish together? Go to ball games together? I hope so.

Will you share your vacation this summer? Some families don't. The children are sent to camps. Mom and Dad go to a resort. They all enjoy themselves, of course. But split vacations don't strengthen family ties. Shared vacations do.

We're better mothers and fathers than our critic realizes. We're producing a super generation of young Americans. One reason is that we do play with our children. Have fun folks, together.

#### READERS' FORUM

(Q) "We tried to teach our son to swim, and failed. Didn't you say parents make poor swimming teachers for their own children?" MRS. N.L.S.

(A) Yes, usually we do. We are too anxious, and so are our children. The Red Cross and the YMCA have good learn-to-swim programs. Phone for information about them. Enroll your boy. Probably he'll do much better.

### Hearing Due On Apartment Zone Request

A proposed apartment project for four acres near Bret Harte Park will get its second public hearing before the San Rafael Planning Commission tomorrow at 7:30 p.m. in the San Rafael City Hall.

Two weeks ago, a delegation of residents presented a petition signed by 253 persons opposing the request by Henry Ghilotti to rezone the area from first class residential to multiple residential. They said Irwin street would become dangerously congested, and the pattern of one-family residential destroyed.

The area, called Fairview Lands, is located on Irwin street between Bret Harte Meadows and Bret Harte Heights.

Other items on the agenda include:

Requests for front setback variances for Andrew Thomas of Eucalyptus lane and H. W. Joslin of El Camino avenue.

A use permit for an office

for Mosher Brothers, 407 First street.

First public hearing on a rezoning request by Valate T. Eliason, 3 Jessup street. He wants the lot changed from first class residential to apartment zoning.

Request for a four-lot subdivision by John Bennett on Greenwood avenue at Madrona.

Request for a two-lot subdivision by Al Fowler on Forbes avenue.

### Parents To Discuss Sunday School

Panel members will include Mrs. R. M. Patterson, Mrs. Joseph Gutstadt, Mrs. Donald Kelley and Dr. John Millie, with Dr. Monte Steadman as moderator. The meeting is open to the public. The panelists will answer written questions submitted by members of the audience.

### DRILL TEAM FOR NATIVE SONS

Invitations have been sent to candidates for the Tamalpais Union High School District, Marin Junior College District and Mill Valley Elementary School District boards and the Marin County Board of Education.

Ample time for questions from the audience will be allowed, said Brian Muth, Junior Statesmen president.

### Artist To Display Work In Hub City

Mrs. Connor, who resides at 111 Terrace avenue, studied in New Orleans, Tacoma, Wash., Washington, D. C., and several of the southwestern states while traveling with her husband, the late Air Force M/Sgt. O. S. Connor.

She is a member of Society of Western Artists and former publicity director of Marin Art and Garden Center.

### Bolinas Ballot Contains 3 Names, No Contest

Although there will be only one term expiring in the Bolinas School District next month, there will be three names on the May 19 ballot, yet there will be no contest.

This apparently paradoxical situation has come about through an odd combination of circumstances.

## WIRE NEWS BRIEFS From Everywhere

### Macmillan Backs Ike

LONDON (UPI)—Prime Minister Harold Macmillan has sent Premier Khrushchev another letter apparently supporting President Eisenhower's latest call for agreement on a limited nuclear test ban.

A spokesman said Macmillan's letter "links up very much with the Washington announcement."

Congressional sources said in Washington Saturday that Eisenhower had made the point that the Russians should be willing to agree to a limited ban on readily detected tests in the atmosphere even if they were unwilling to accept an inspection agreement.

### Blockade End Honored

BERLIN (UPI)—Allied leaders gathered here today to honor the men and women who beat the Soviet blockade of West Berlin 10 years ago.

Soviet barriers on the highway-rail corridor to West Germany came down one minute after midnight May 12, 1949. West Berliners planned solemn ceremonies tomorrow to recall the moment.

Because of the new Communist threat against West Berlin, the long-planned anniversary celebration was turned into a new demonstration of Western support for the isolated city.

### Secretaries, Arise

LONDON (UPI)—The Sunday Pictorial yesterday reported a time and motion study which said the average typist spends 10 per cent of her working day chatting or attending to her make up, 40 per cent "frittering away" the time, and 50 per cent actually working.

On Feb. 16, Mrs. Alf H. Haraldsen, who has been critical of some board policies in the past, filed as a candidate.

On March 5, Ben Roark, Jr., of Olema, foreman of the sprawling Tevis ranch, also filed.

But it also developed that Trustee Arthur E. Carpenter, who was appointed last fall to fill out the term of James Douglas, resigned, ending in 1960, was required under a new law to stand for election to his post. Accordingly, he filed March 6 for such election.

Early in April, a third trustee, Edward Davis, moved to Corte Madera, thus automatically making his seat vacant. His term was to expire in 1961.

However, Davis had not formally resigned and the county superintendent's office had no official notice of the vacancy.

On Friday, April 17, the final date for filing of candidacy petitions, Mrs. Joyce Huntley, vice president of the Bolinas Parents' Club, appeared at the County Superintendent of Schools office, saying she wished to run for Davis' post.

Edwin L. Blackmore, administrative assistant to the county superintendent, was unaware the vacancy existed until he called Chairman McDaniel, who confirmed that Davis had moved away.

Mrs. Huntley told Blackmore that she was filing for Davis' seat and would not run against Carpenter.

When Mrs. Haraldsen discovered that she and Roark had unwittingly filed for the post being vacated by McDaniel, she withdrew her name April 27 in favor of Roark, thus leaving three candidates, one expiring term but no contest.

A hospital attendant said Crumley, a boat repairman, also received road burns.

The motorcycle was going at about 55 miles per hour, witnesses told San Rafael police, when it suddenly went out of control. It skidded on its side for 72 feet with Crumley still at the handle bars, then continue another 65 feet after throwing its rider clear.

### Israel Anniversary Observance Set

The eleventh anniversary of the state of Israel will be observed with a special program starting at 8:15 p.m. Wednesday at the Marin Jewish Community Center, 1618 Mission street, San Rafael.

Rabbi Saul White of San Francisco will speak, and Mrs. Robert Harmon of Corte Madera will present a program of Israeli songs.

In connection with the anniversary, craft and art objects collected by Judy and Sol Silver of Sausalito during their recent trip throughout Israel are on display at the center.

### Boy, 10, Ready To Die

SOMERSET, MASS. (UPI)—Some time ago doctors said Albert Pineau never would reach his 10th birthday.

So his 10th birthday was an especially gay one yesterday. Mayor John M. Arruda of neighboring Fall River cut the cake and Marines and soldiers gave him presents.

Albert is a victim of muscular dystrophy. His grandparents, Mr. and Mrs. Albert A. Brosseau of Somerset have cared for him since birth.

Albert's brother, Roger, 8, suffers from the same illness, but it has not progressed as far as it has with his older brother. He lives with his parents in Fall River.

Albert is aware that doctors give him no chance of surviving.

"Two weeks ago," Mrs. Brosseau said tearfully, "he told me he was ready to go to heaven."

### Food Handouts In Ohio

CLEVELAND (UPI)—With poor relief rolls near their recession peak here, Cuyahoga County today starts handing out federal food surpluses to persons on relief.

It is the first time since the depression of the 1930s that surplus foods have been used here.

County Welfare Director John J. Schaffer said some 30,000 persons will be eligible to receive food. This represents 10,000 cases on poor and soldiers relief and aid to the blind, dependent children and disabled.

Poor relief rolls reached a peak of 6,600 cases April 6.

### Strauss Vote In Doubt

WASHINGTON (UPI)—Sen. Clinton Anderson (D-N.M.) says he has a feeling Lewis L. Strauss will not win Senate confirmation as secretary of commerce.

Anderson has been one of the strongest opponents to Strauss in hearings on the nomination.

The Senate Commerce Committee resumed its lengthy hearing today. Sen. Warren G. Magnuson (D-Wash.), chairman of the group, said he hopes the hearing will end by the middle of the week.

The nomination will go to the Senate after the committee makes its recommendation. Several senators have predicted Senate approval.

### Negroes, White Clash

ECCLLES, England (UPI)—Gangs of white and Negro youths clashed with knives and brass knuckles in a bloody street fight here last night. Two white boys were hospitalized with stab wounds. A Negro was treated for head injuries.

Police broke up the fight and hauled in several youths for questioning.

### Fuller Brush Head Dies

HAWTHORNE, Nev. (UPI)—The bodies of Mr. and Mrs. Alfred Howard Fuller, who were killed in an auto accident near here, will be flown to West Hartford, Conn., for burial Wednesday.

Fuller, 46, president of the Fuller Brush Co., and his wife, Dora, also 46, were killed Saturday when a tire blow-out caused their sports car to overturn on a desert highway 30 miles east of here.

### Wheat Surplus Scored

WASHINGTON (UPI)—Sen. Kenneth B. Keating (R-N.Y.) says Congress must quickly do something drastic about the huge wheat surplus because "the public won't stand for it any longer."

Keating said yesterday that "this criminally expensive wheat glut is a symbol of wrong-headed policy" on farm matters.

By the end of the present growing season, he said, the federal government will be holding more than one billion bushels of surplus wheat—more than enough to take care of all domestic needs for two years.

THIS IS THE HOUSE THAT SAM BUILT—Sam Harkleroad, who lives on Harkle road in Novato, sits on conventional fence by unconventional house

he built. That roof is what Harkleroad calls hyperbolic paraboloid. It provides sunlight control and resistance to damage from sonic booms and earthquakes, he claims. (Independent-Journal photo)

## Students Plan To Join Tour Of America

Redwood, Tamalpais and Sir Francis Drake High Schools will be represented among Marin's younger set leaving June 24 on a Young America Tour of the East Coast and Canada.

In charge of the group will be chaperones selected from the county's teaching staff, and Paul Hartman of San Rafael, who conceived the idea of Young America Tours.

Registration for the tour starting June 24, or for later trips, may be made in the San Rafael office of the Redwood Travel Advisors, the agency in charge of these tours.

Among Redwood High registrants are Barbara Krause, daughter of Mr. and Mrs. William F. Krause of Corte Madera; Helen Hartig, daughter of Mr. and Mrs. Albert H. Hartig, and Peter Allsman, son of Mr. and Mrs. Paul E. Allsman, both of Tiburon.

The Tamalpais High delegation includes Sandy Berry, daughter of Mr. and Mrs. Charles Berry; Mary Lyman, daughter of Mr. and Mrs. Ralph Lyman, and Ronald J. Gilmore, son of Mr. and Mrs. Charles Gilmore, all of Mill Valley.

From Sir Francis Drake High will be Cary Gaidano, daughter of Mr. and Mrs. John Gaidano, and Terry McAtee, son of Mr. and Mrs. Joseph McAtee, all of San Anselmo.

## Liquor Dealers Elect Officers

S. J. (Si) Weil of Mill Valley is the newly elected president and George Grise of Kentfield is a re-elected director of the United Retail Liquor Dealers Assn. of Northern California.

J. C. (Gus) Hayes of Sausalito, a past president of the association, Michael Amoroso of Novato, and V. A. Cutmore of San Anselmo are among the hold-over members of the board of directors.

## Designer Claims Home Bounces Sonic Boom

Samuel A. Harkleroad, Novato building designer and contractor, believes he has a home owner's answer to the sonic boom, earthquakes and the vicissitudes of the sun.

The answer, he maintains, is found in the hyperbolic paraboloid roof—a leaf-like structure shaped with a compound bend and held in place with tensioned steel cables. He has recently completed a house with just such a roof on the crest of a Novato hill near Alice avenue, overlooking Highway 101. "It's the only one of its kind used for a residence on the West Coast," he says.

The unusual shape and construction of the roof greatly reduce the effect that jet noises have on conventional houses, Harkleroad claims. And because it is entirely dependent on the cable suspension, "even if the walls were to fall, the roof would stay up."

The roof, shaped like a flattened-out football, arches gently from a point 14 inches from the ground at one side of the house, blocking sunlight from all windows throughout the summer months but allowing it

to enter during the winter. Harkleroad, who built the three-bedroom house himself over the past nine months, hopes to sell the three-bedroom home for \$33,000. Then he plans to build more homes of the same general design in Marin County. "They will cost \$50,000 to \$75,000," he says.

The peculiarly lined roof, weighing 21 tons, is made of four layers of laminated wood, providing for "built-in" insulation, Harkleroad reports. It is four inches thick, 3,000 square feet in area.

The builder estimates that 3,000 persons have visited the house since construction started.

Groups represented will include the Novato Horsemen's Assn., Tamalpais Trailriders, Valley Riders, the Four Ms, and the sheriff's mounted posse.

## Scout Council Election Slated

Officer elections and adoption of a 1959-60 calendar of events will highlight the annual meeting of the Northern District of Marin Council, Boy Scouts of America, starting at 7 p.m. Wednesday in the Marin Council office, Second and A streets, San Rafael.

## Honeymoon May Be Ended For Gov. Brown

By MORRIE LANDSBERG  
SACRAMENTO (AP)—Is Gov. Edmund G. Brown's political honeymoon over?

For four busy months now the Democratic governor and the Democratic Legislature have been purring at each other. Everything has been lovey-dovey in the after-glow of the 1958 elections.

It looks as though they're about to have their first serious spat.

Brown's water program is under fire in the Senate. And plainly the administration is not going to get its full 256 million dollar tax plan through without a fight.

Up to this point, the Legislature has shown surprising cordiality toward Brown's first year program. Brimming with good will, the governor has developed and maintained excellent relations with most law makers of both parties.

The next and final six weeks of the session will be critical for Brown's major objectives. They are: to get enough new revenue to balance the state budget and to start building the long-discussed water projects.

The governor has scored significant victories on FEPC, repeal of cross-filing, consumer's counsel, smog control and 65

mile per hour highway speed. He has taken licks on a minimum wage and a Purity of Election act.

The water dispute is enough to strain any honeymoon. Brown must convince at least 21 senators—and then the Assembly and California voters, in that order—to accept his 1 1/2 billion dollar bond issue for the biggest water undertaking ever conceived.

Brown says he thinks he has the votes. His opponents challenge this.

The governor is trying to put his water financing over without plunging the Legislature into renewed bickering over a constitutional amendment on water rights or contracts.

"We cannot afford to disagree for another year," he says.

It's evident, however, that California's North—with water—and South—with the population—still don't trust each other. Each side continues to demand conditions or terms.

Brown's task is to persuade these factions that:

There is plenty of surplus water in the North; the South won't drain the North dry, and the North won't turn the tap off once the facilities are built. A group of northern sena-

## Parents Plan State Unit On Handicapped

Formation of a state organization of parent groups for children suffering hearing handicaps probably will be perfected in November, Fred L. Martinez, 50 Pamela court, San Rafael, said today.

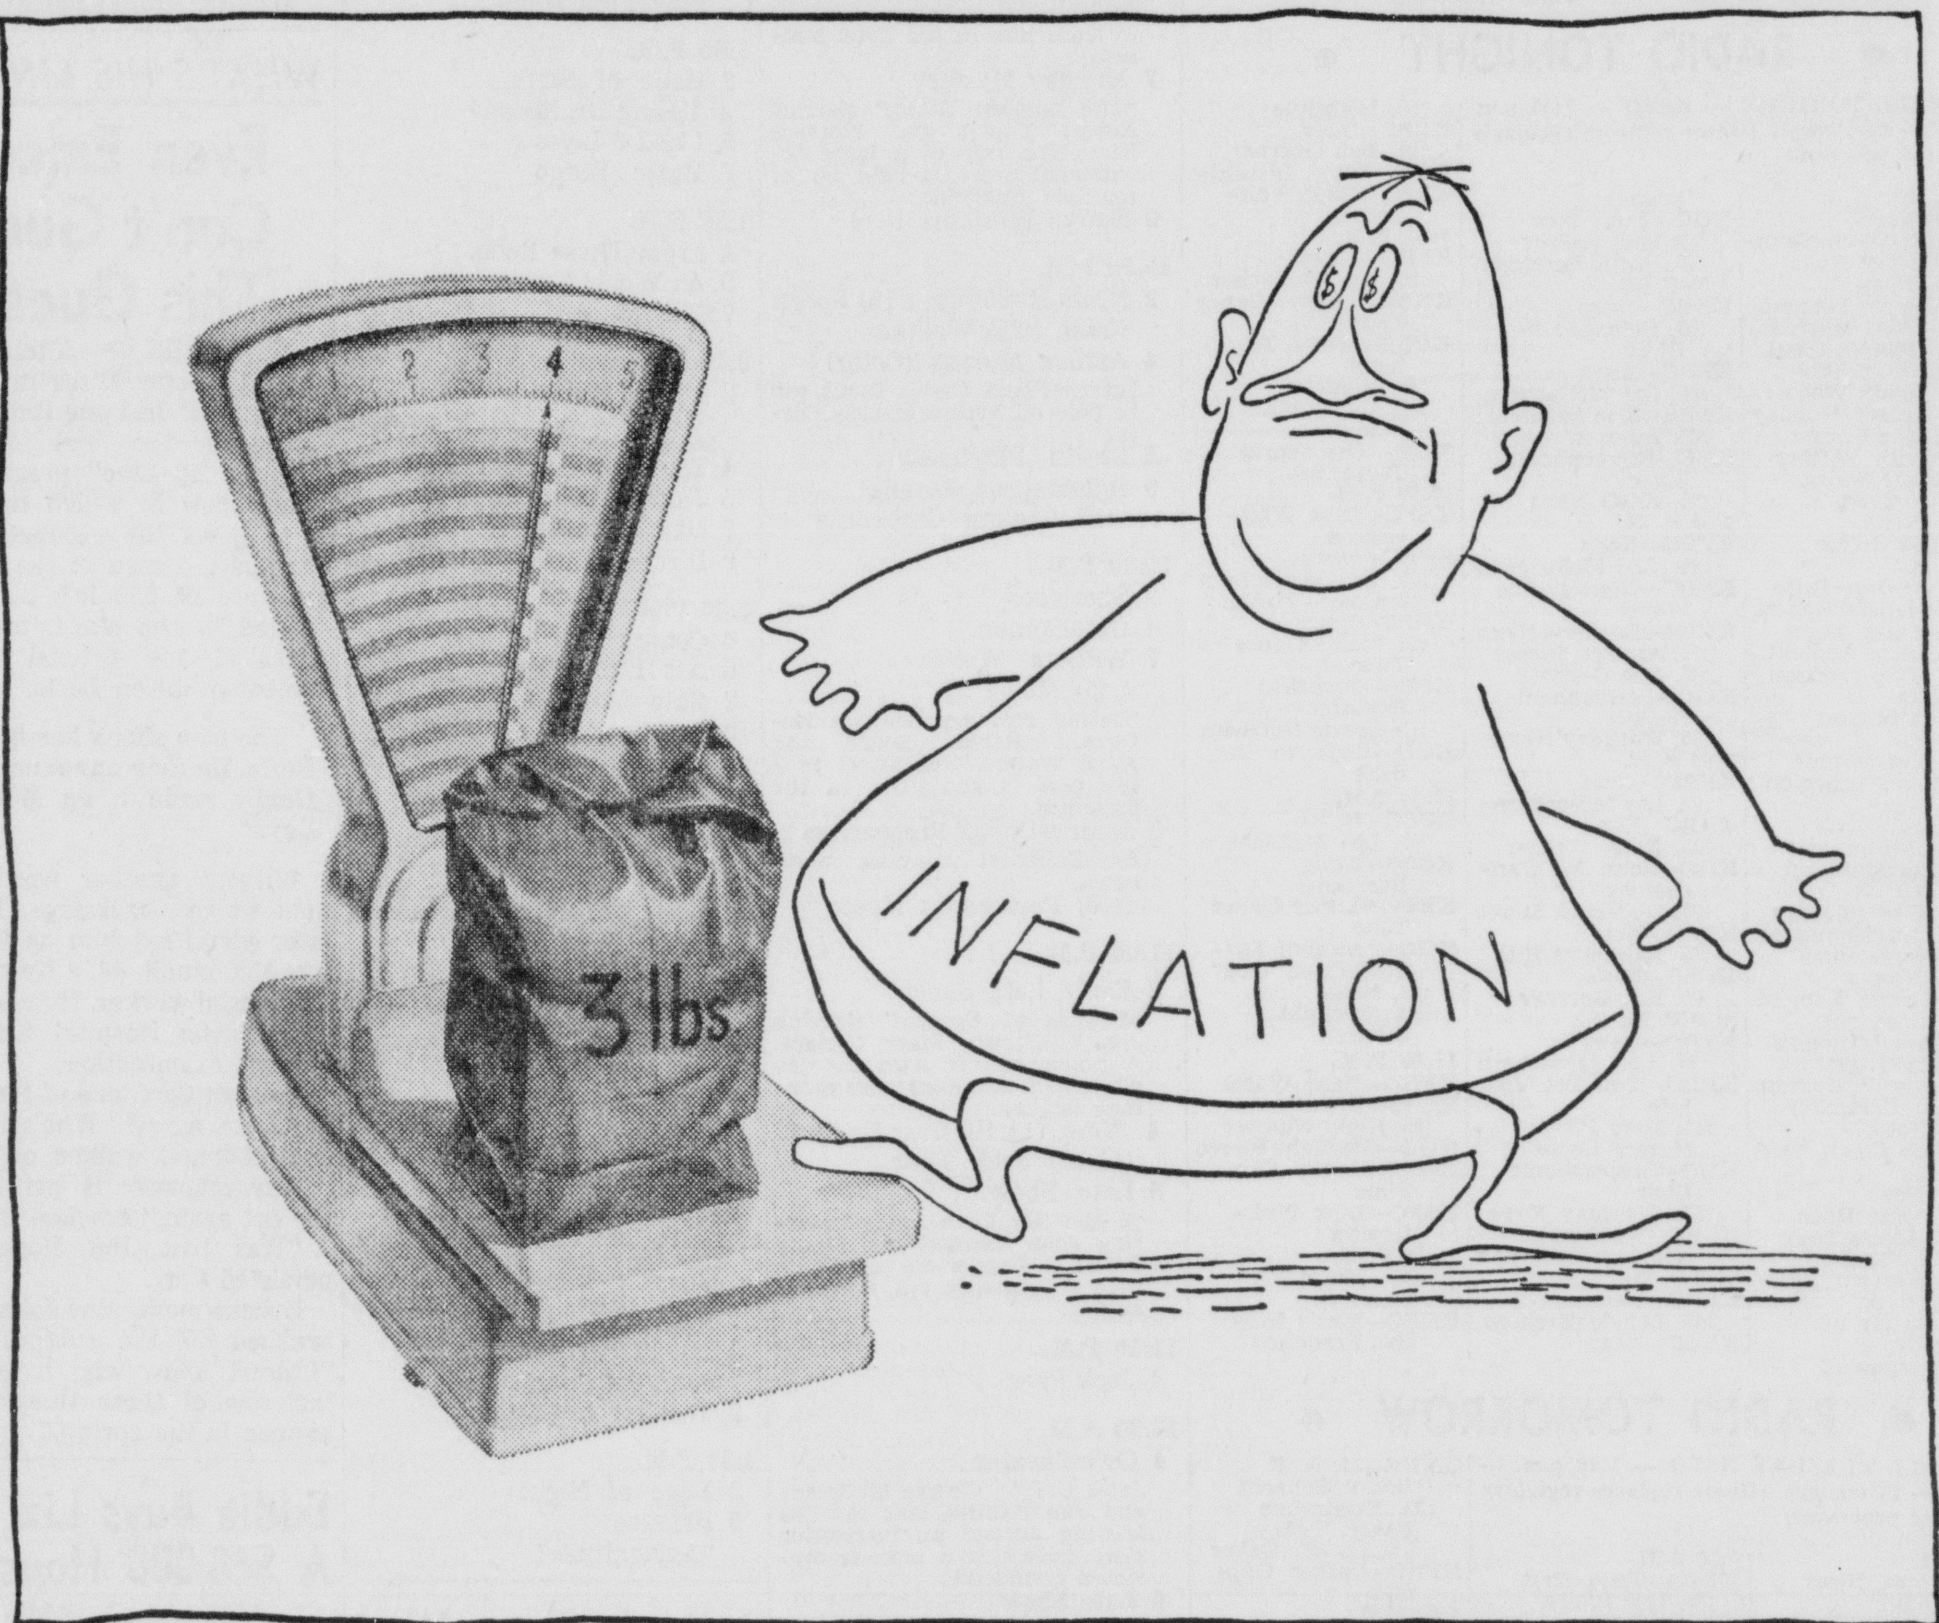

Martinez recently returned from a conference of parent groups in Fresno where preliminary steps were taken toward a state association. He represented the parental group of Marin County.

Joseph Byrne of Burlingame, was named chairman for the northern section of the protective state association, and Thomas Baldwin of Los Angeles, head of the southern section.

Mrs. George Wong of San Francisco was named head of an organizational committee to map a constitution, bylaws and arrange for the November meeting.

tors balked right off when Brown increased the proposed bond issue from \$60 million to its present size. They are drafting amendments which they feel are necessary to safeguard northern rights.

Brown contends his program would protect both the areas of origin and the areas of import, chiefly the San Joaquin Valley and Southern California.

**When inflation tips the scale  
you pay for more than you get**

Let's not fool ourselves about this. Inflation hurts everyone.

Families who have to live on fixed incomes suffer. Their dollars won't buy as much as before.

People who salt away some of their pay in savings suffer.

Men and women on salaries and wages also suffer. Sure, their pay may be rising. But wages don't always rise at the same rate as prices.

In the end, everyone pays the price of inflation.

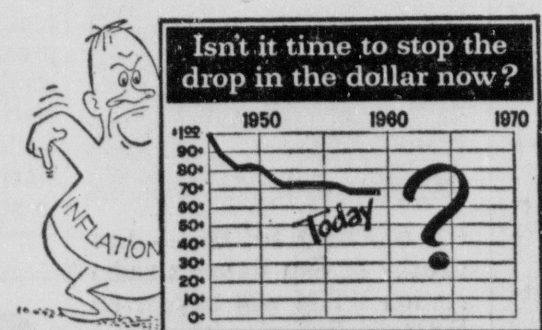

You may think prices are bad enough today. But how can we keep the cost of living from getting completely out of hand?

**There is a way we can stop further inflation**

As a first step, all of us can support every reasonable move to hold down government spending—federal, state and local.

Pressing for more and more spending on new projects at a time when we're already committed to a huge defense budget can lead only two ways. To higher taxes . . . or to more and more inflation. We can't get away from paying, one way or the other.

Many congressmen are already doing whatever they can to postpone new services, however desirable, until we can better afford them. You can assist by giving your representative the support he needs to make sure that the Government starts living within its income again.

That will strike a mighty blow against inflation and the rising prices it produces. It will strike a blow for a stronger America, too, because millions of people will be encouraged to add to their savings.

Not only will a growing nest egg bring a comfortable feeling of independence and security. Those savings, as they are invested, will provide the capital needed for America's future growth.

This is the surest way to the most prosperous years you or America have ever known—a way that begins by all of us insisting on having a stable dollar.

Brought to you in the interest of every American who is concerned with preserving the value of the dollar.
